**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please keep competition alive. I like choices. Innovation will die if there is no competition. If monopolies exist then, we would be paying astronomical prices for minimal quality service. There would be no incentive to improve or innovate. We would have stagnant internet service while the rest of the world is improving.

Xin
